Christal Lalla

Christal is a certified international sommelier and spirit designer who has been working in Italy, Germany, China, France and USA since 2010.

Frequently serving as an international judge at wine tasting events, Christal has established a fast-developing, innovative business around wine, wine services and wine education under the name **VinAuthority** and **The Wandering Sommelier** from 2012 on. Since 2018, she has also been mixing high-end gins and worked on other sophisticated spirits and cocktails.

Her current gins are created together with the prestigious **Orator Distillery** in Pfungen near Zurich and the well-known **Wanderer Distillery** in Frechen near Cologne.

Christal has already designed the individual gins for the restaurant **L'Amant** (Hotel Four Point in Zurich) and for the restaurants and bars of one of the most famous Swiss chefs, Andreas Caminada.

Together with Christian Orator from Orator Distillery, Christal has established an educational "Mixing Your Own Gin" format where participants learn about flavors and taste profiles, allowing them to create their own gin hands-on.

In 2021/22, Christal has composed four completely new gins in Pfungen, the **Lalla Gin Four Seasons Limited Edition** - a masterpiece dedicated to the memory of her father Michael. Three of the four gins were awarded with a silver medal at the prestigious DistSuisse competition 2023/24.. And shortly, a new LallaGin for the 5th season, the **Carnival Gin**, developed in Frechen, will be released.

For now, just pick your favorite season and enjoy a Cheers and celebrate life with your family and friends, especially at Christmas.

Zum Wohl! Salute! Cheers!
